THE AMERICAN BOARD *of* PEDIATRICS

Certifying excellence in pediatrics – for a healthier tomorrow

VISION	Inspiring a lifetime pursuit of learning to improve child health
MISSION	Advancing child health by certifying pediatricians who meet standards of excellence and are committed to continuous learning and improvement
VALUES	<p>Consistency: Making unbiased decisions based on published ABP policies</p> <p>Excellence: Striving to do our best work</p> <p>Reliability: Living up to responsibilities and commitment</p> <p>Transparency: Sharing non-confidential information openly</p>
GUIDING PRINCIPLES	<p>Overarching Principle: The “North Star” for the ABP is and will remain the improvement of health outcomes for children, adolescents, and young adults.</p> <ul style="list-style-type: none">• The ABP is primarily accountable to children, from infants to young adults, and their families as it guides professional self-regulation and certifies pediatricians.• ABP certification recognizes pediatricians who meet rigorous standards for competencies essential to improving child health.• The ABP supports best practices for the assessments of all core competencies using tools that are fair, valid, reliable, and contribute to lifelong professional development.• The ABP prioritizes work that the organization is uniquely positioned to do.• The ABP strives to align opportunities for continuing certification with pediatricians’ professional practice.• The ABP continually evaluates and improves its work based on changing trends in child health, stakeholder feedback, and advances in knowledge, assessment, technology, and care delivery.• The ABP engages in open dialog with pediatricians, patients and families, and other members of the public.• The ABP seeks out and respects diverse backgrounds, experiences, and perspectives to inform its work.• The ABP collaborates with other regulatory bodies, medical organizations, and professional societies to align accreditation and certification across the continuum from training through practice.

ABP and Program Directors

The ABP acknowledges the work of program director is complex, challenging and stressful.

It is also critically important, meaningful and rewarding!

The relationship between ABP and PDs must have a foundation of trust. Together we are responsible for verifying the competence of pediatric graduates to the public.

 - ✓ Reconciliation process – still have incorrect DOB, SSN, training program
 - ✓ Gender identity – expanded list

Categorical Pediatrics vs Medicine-Pediatrics First-time Taker Pass Rates

Categorical Peds vs. Med-Peds First-time Taker GP Passing Rates

Time Limited Eligibility

Time Limited Eligibility (TLE)

- For all ABMS member boards there must be a TLE policy **for initial certification**
- The duration of time following **the successful completion of accredited training to expiration of eligibility to sit for an exam** must be no fewer than 3 years and no more than 7 years.
- To regain TLE one must engage in supervised practice
- A new option is being considered by ABP - TBD

Absences from Training

Absences from Training Policy - Waiver

The waiver is actually a recognition of competence achieved in less than the usual total duration of training for the program

Absences from Training Policy

- ✓ All trainees can have 1 mo/yr for vacation/illness/other
- ✓ ABP policy 1990s
- ✓ For 3-yr programs, can request waiver for up to 2 additional months → for a total of 5 months out of 36 months
- ✓ Must be elective time
- ✓ Must be deemed competent by PD and CCC

Waiver Requests

survey!

New format!

The screenshot shows the top portion of a web form. The header features the ABP logo on the left and the text 'THE AMERICAN BOARD of PEDIATRICS' on the right. Below the header, a paragraph explains the form's purpose: 'This form is designed to simplify the process for program directors to request a waiver of the American Board of Pediatrics Absences from Training Policy. This form should be used for any waiver (e.g. COVID-19, parental leave, etc) and can *only be completed by a program director*.' A second paragraph states: 'Please note that waivers can only be submitted during the *final three months of training*.' A third paragraph says: 'To complete this waiver please have the following information available:'. This is followed by a bulleted list of required information.

THE AMERICAN BOARD of PEDIATRICS

This form is designed to simplify the process for program directors to request a waiver of the American Board of Pediatrics Absences from Training Policy. This form should be used for any waiver (e.g. COVID-19, parental leave, etc) and can *only be completed by a program director*.

Please note that waivers can only be submitted during the *final three months of training*.

To complete this waiver please have the following information available:

- Program Name (including name of institution)
- ABP Program ID Number (4 digits)
- Trainee Name
- Trainee ABP ID
- Trainee subspecialty, if applicable
- Reason program director is requesting a waiver and if it is COVID-19 related
- Rotation/experience missed by the trainee, length of time being requested for waiver, and whether waiver request involves clinical and/or research time
- Details on why the scholarly activity work product should be modified for this trainee, if applicable
- For fellows and the research requirement, please keep in mind that this waiver is not considered complete until the ABP has approved the trainee's work product.

Link available in April!

Other ABP Updates

Competency-Based Medical Education Updates

- **David Turner** transitioned into the role of VP of CBME in September
- **Telemedicine EPA:** developed and is available for review/feedback
 - Email with the EPA/feedback form sent by APPD Board
- **EPA 14:** modifications to include focus on addressing racism and social determinants of health
 - Will be available for review/feedback soon
- * **LOOK OUT!** * Invites ~David Turner/CBME team one of several virtual Roundtable Discussions
 - Sessions will be divided by program size and focus on the future of CBME

Competency-Based Medical Education Updates - 'Crosswalk Study'

- Goal is to link the EPAs and the ACGME Milestones to streamline assessments for programs
- Study will begin in the 2021-22 academic year
- Recruiting now
 - Over 20 programs (of a targeted 40) committed
 - Particularly interested in additional small to medium size residency programs
- Please contact Dan Schumacher (Daniel.Schumacher@cchmc.org) or David Turner (dturner@abpeds.org) if you have questions or are interested

Two New Part 4 Pathways for Educators

ACGME Annual Program Evaluation: Part 4 Improvement Template

- Continuous improvement of residency and fellowship training programs is at the core of the ACGME Annual Program Evaluation. This application is designed specifically for Residency or Fellowship Program Leaders to obtain Part 4 MOC credit (25 points) for ongoing program improvement in response to the ACGME Annual Program Evaluation.

Residency and Fellowship Programs: Part 4 Improvement Template

- This application is designed specifically for Residency or Fellowship Program Leaders to obtain Part 4 MOC credit (25 points) for improvements to the educational programs designed to train pediatric residents and subspecialty fellows.

Review Criteria

- The **educational gap** or issue that was addressed
- A description of **what you and your team were trying to accomplish**
- You will **need at least 3 data points** (e.g., baseline, post-intervention, sustainability).
- Be able to **describe the changes made to the educational program** to accomplish the overarching goal of the project.
