

What Assessment Strategies Should Be Used in Determining Physician Competence?

Bill McGaghie

Thomas O'Neill

Eric Holmboe

Lightening Review

- Purpose and goals
 - Systems/curriculum creation
- Clarity of construct
- Sampling
 - Content, context, judges, time frame
 - Validity and reliability
- Assessment strategies
 - Fit tools to goals
 - CQI
 - Data as tool, not weapon!

Reactions from Dr. Tom

What's the Value Equation?

- For the public
- Patients
- Physicians

Quick Review: The 6 W's

- What
 - Clinical reasoning
 - Factual knowledge
 - Clinical skills
- How
 - Multiple item types
 - Simulation
- Where
 - Testing centers
 - Online (with various approaches to proctoring)

Quick Review: The 6 W's

- When
 - Periodic cycle
 - MOCA minute (“push” approach)
- Who
 - Individual
 - Team

But....

Prompt 1: Why?

- Is there clarity on the WHY?
 - *Purpose*
 - Goals
 - Objectives
- At your table discuss the why

Prompt 2: Where to Next

- What is the purpose of a program of assessment for MOC in Pediatrics?
- What would a program of assessment look like?
- What role would “testing” play in this program?
