

ABP Strategic Plan FY20–FY22

<p>Vision</p>	<p>Inspiring a lifetime pursuit of learning to improve child health</p>		
<p>Mission</p>	<p>Advancing child health by certifying pediatricians who meet standards of excellence and are committed to continuous learning and improvement</p>		
<p>Values</p>	<p>Consistency: Making unbiased decisions based on published ABP policies</p> <p>Excellence: Striving to do our best work</p> <p>Reliability: Living up to responsibilities and commitment</p> <p>Transparency: Sharing non-confidential information openly</p>		
<p>Guiding Principles</p>	<p>Overarching Principle: The “North Star” for the ABP is and will remain the improvement of health outcomes for children, adolescents, and young adults.</p> <ul style="list-style-type: none"> • The ABP is primarily accountable to children, from infants to young adults, and their families as it guides professional self-regulation and certifies pediatricians. • ABP certification recognizes pediatricians who meet rigorous standards for competencies essential to improving child health. • The ABP supports best practices for the assessments of all core competencies using tools that are fair, valid, reliable, and contribute to lifelong professional development. • The ABP prioritizes work that the organization is uniquely positioned to do. • The ABP strives to align opportunities for continuing certification with pediatricians’ professional practice. • The ABP continually evaluates and improves its work based on changing trends in child health, stakeholder feedback, and advances in knowledge, assessment, technology, and care delivery. • The ABP engages in open dialog with pediatricians, patients and families, and other members of the public. • The ABP seeks out and respects diverse backgrounds, experiences, and perspectives to inform its work. • The ABP collaborates with other regulatory bodies, medical organizations, and professional societies to align accreditation and certification across the continuum from training through practice. 		
<p>Goals</p>	<p>Certification Excellence</p>	<p>Meaningful Connections</p>	<p>Organizational Excellence</p>
	<p>Establish standards and implement processes that provide relevant, reliable assessments of competencies that reflect the professional commitments of the pediatrician</p>	<p>Foster relationships in our role as a certification body with and among pediatricians, the public, and other stakeholders engaged in improving the lives and health of children</p>	<p>Continuously evaluate our work to provide value to our stakeholders and encourage organizational and personal improvement among ABP staff and volunteers</p>
<p>Objectives</p>	<ul style="list-style-type: none"> • Improve assessments • Improve tracking of residents and fellows • Create an integrated certification platform 	<ul style="list-style-type: none"> • Foster partnerships with the public, including patients and families • Reach out to residents and fellows • Engage certified pediatricians • Collaborate with other stakeholders • Provide an outstanding trainee and diplomate experience 	<ul style="list-style-type: none"> • Promote diversity and inclusion • Enhance ABP culture • Develop ABP communication strategy • Improve utility of ABP data
