

ABP Corporate Policy

Honor Code: Professionalism, Moral and Ethical Principles

The American Board of Pediatrics (ABP) expects residents and fellows in training, candidates for certification, and its diplomates to adhere to and maintain certain fundamental professionalism, moral and ethical principles. As specified by The Accreditation Council for Graduate Medical Education and the American Board of Medical Specialties, residents, fellows, candidates and diplomates must demonstrate a commitment to carrying out professional responsibilities, adherence to ethical principles, and sensitivity to diverse patient populations.

VIOLATION OR MISUSE OF ANY OF THE ABP'S INTELLECTUAL PROPERTY RIGHTS

The materials developed by the ABP for its in-training, certification, and maintenance of certification examinations, including MOCA-Peds, are copyrighted and the sole property of the ABP and may not be reproduced, recorded, published, transmitted, misused, stolen or distributed – in part or in whole – in any way, without the ABP's permission. **Reproduction of copyrighted material, in whole or in part, may be a federal offense.** Irrespective of copyright, any attempt to reproduce, record, publish, transmit, misuse, steal or distribute ABP in-training, certification or maintenance of certification examinations, including MOCA-Peds, in whole or part, undermines the fairness of the certification process and may be considered unethical, unprofessional, and dishonorable, and will constitute grounds for the ABP to impose disciplinary sanctions pursuant to the ABP's Disciplinary Policy and/or take any other action deemed appropriate by the ABP and its legal counsel.

MISREPRESENTING BOARD STATUS

Falsely representing one's Board status undermines the integrity of the ABP's mission. The ABP will consider any individual claiming to be certified by the ABP in any specialty or subspecialty when the record cannot support the claim to be unethical, unprofessional, and dishonorable, and will constitute grounds for the ABP to impose disciplinary sanctions pursuant to the ABP's Disciplinary Policy and/or take any other action deemed appropriate by the ABP and its legal counsel.

Likewise, falsely presenting oneself as "Board Eligible" or making any representation of board eligibility after eligibility has expired will be considered unethical, unprofessional, and dishonorable, and will constitute grounds for the ABP to impose disciplinary sanctions pursuant to the ABP's Disciplinary Policy and/or take any other action deemed appropriate by the ABP and its legal counsel.

GROUNDS FOR THE ABP FINDING UNETHICAL, UNPROFESSIONAL AND/OR DISHONORABLE CONDUCT

Residents, fellows, candidates and diplomates must understand that unethical, unprofessional and/or dishonorable behavior including, but not limited to, the listing below may be sufficient cause for the ABP to impose disciplinary sanctions pursuant to the ABP's Disciplinary Policy and/or to take other appropriate action as deemed appropriate by the ABP and its legal counsel:
